

Puckett's Mill Elementary Hopes & Dreams

Puckett's Mill Elementary School is home to over 1,100 students. These students are fortunate to be part of a school family that truly values the education of each individual child. Our staff is made up of dedicated professionals who daily go above and beyond to provide experiences and opportunities that will enhance the learning potential of every student. We offer unique experiences for our students in the form of science labs and other enrichment opportunities, as well of community service projects that teach children the importance of giving back to our community.

Our teachers and staff use researched-based best practices to teach our students. To provide instruction that meets the specific needs of each individual child, our teachers sometimes need items that are above and beyond those provided from traditional sources.

We need your help! Please consider becoming a friend or Business Partner of Puckett's Mill Elementary. We need your time, your talents, and your financial support to bring additional opportunities into our classrooms. Below is a *Wish List* of items that would benefit teaching and learning at Puckett's Mill.
