Reason(s) for the nomination

Hudson Metcalf is a phenomenal artist. He has the ability to look at anything and draw it. He is always bringing me drawings and paintings that he has done at home. I had the pleasure one day to sit down and just watch him draw. I must admit I was in awe and a little bit jealous. He has the ability and the artistic skills above many of my 5th graders. As I was watching him draw I was watching his go up and down from his paper to the object. He meticulously examines each part of the object and slowly draws it accurately and to scale.

His ability to see objects as shapes and lines is outstanding. He has an understanding of the principles and designs of art. He also has an amazing understanding of Color Concepts.

Hudson is always willing to do everything and anything in regards to art with no arguments. He will always take my lessons to the next level. I encourage him to try new things and challenge his current ideals within art.

Hudson truly is an amazing art student and is always a pleasure to have in class.
